

TROOP 765 CAMP-SCHEDULE OF EVENTS

Below is a plan that provides a general framework for the weekends activities. As with the best-laid plans, sometimes things will not happen exactly as scheduled, so there is room for flexibility in this plan to accommodate the special circumstances that may arise with each camp-out. From time to time, we may also find it necessary to alter the time and sequence of activities. The key word is "flexibility." All times are approximate.
